

St Barnabas is a charity whose aim is to provide high quality specialist palliative care both within the hospice and in the comfort of patients' homes, treating adults with advanced progressive life-limiting illnesses. Patients are never charged for their care. It costs over £6 million each year to run the hospice and only a small part of these costs are state funded. This means that the majority of the money has to be raised through voluntary donations from local communities within the Worthing, Adur, Arun and Henfield areas.

Since opening in 1973, the hospice has cared for over 35,000 patients and their families in the areas of Worthing, Adur, Arun and Henfield.

Hospice Outreach Project

Drop in for information, advice and support.

Ill? Bereaved? Or worried about someone who is?

Drop in for information, advice and support.

Our mobile unit

Hospice Outreach Project

If you are affected by a life-limiting illness, either as a patient or as a friend, family member or carer, and need information, support or advice – come and see us in the Hospice Outreach vehicle.

The Hospice Outreach Project is a mobile unit which provides a flexible, accessible range of services right into the heart of the community. It is staffed by a senior nurse, who will be able to provide information and advice on all aspects of hospice care available at St Barnabas House and out in the local community. The Hospice Outreach vehicle also acts as an education resource for healthcare professionals and the wider community.

Our specialist staff work closely with GPs and community teams to give advice and support in areas of symptom management, emotional, spiritual, psychological and bereavement support for patients, their families and significant others.

Where to find us

The Hospice Outreach vehicle is scheduled to visit a variety of venues across the Adur, Arun, Henfield and Worthing area on designated days. Timetables are available online at www.stbh.org.uk/outreach.
