Part 2

Aims and objectives

Please read the guidance document *Statement of purpose: Guidance for providers*.

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

St Barnabas Hospices (Sussex) Limited provides palliative care services through its adult hospice, St Barnabas House, and its children's hospice, Chestnut Tree House. The charity seeks to ensure that its services are equally available to all adults and children who meet the referral criteria and this includes all diverse groups within the population covered by the service. The charity ensures that all staff involved in decisions about care and treatment make such decisions based on professional codes of practice and legal and ethical principles. Care plans are discussed with patients and, where appropriate, relatives and parents. A multidisciplinary approach enables a variety of individualised risk factors and benefits to be considered. A robust clinical governance structure is in place monitoring indicators of both quality and risk.

As a charity, St Barnabas Hospices receives limited funding from statutory authorities and raises most of its funding through legacies and its own fundraising activities, which include a retail chain of 22 shops, a lottery and many fundraising events. All of the activities undertaken by the charity are to further its charitable purposes for the benefit of the public.

The organisations vision is that no one should face death or bereavement without the care and support they deserve. The organisations mission is to achieve dignity, comfort and choice for all children and adults facing the end of life. This care is delivered to adult patients and their families throughout Adur, Arun and Worthing areas of West Sussex through St Barnabas House and to children and their families throughout both East and West Sussex and parts of South East Hampshire through Chestnut Tree House. No charge is made for any of the services provided.

St Barnabas House aims to support end of life care for adults in their home, in the community and at the hospice for those who need the services in the Worthing, Adur and Arun area.

Chestnut Tree House aims to care for every child or young person with a life shortening condition and family who needs support in East and West Sussex and South East Hampshire.

Part 3

Location(s), and

- the people who use the service there
- their service type(s)
- their regulated activity(ies)

Fill in a separate part 3 for each location

The information below is for location no.:	1	of a total of:	1	locations
--	---	----------------	---	-----------

Name of location	St Barnabas House
Address	2 Titnore Lane Worthing West Sussex
Postcode	BN12 6NZ
Telephone	01903 706300
Email	www.stbh.org.uk

Description of the location

(The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc)

St Barnabas House hospice is a registered charity that provides specialist palliative care to adults with advanced progressive life-limiting illnesses, both within the hospice and in the comfort of their homes. Palliative care is the total care of people whose illness is not responsive to curative treatment. St Barnabas provides care for people deemed to be within the last 12 months of life, irrespective of underlying disease.

The multi-professional team strive to address the physical, psychological, social and spiritual needs of patients and their families with respect for personal, cultural and religious values, beliefs and practices. Care delivered or advice given is focused and family centred with respect for confidentiality, privacy, dignity, autonomy and informed choice.

A purpose built facility opened in 2011, the building is situated on the outskirts of Worthing and is accessible by car, bus, bicycle and on foot, as well as being a 7 minute walk to the nearest train station. The site is level and wheelchair access is enabled through all permitted areas of entry. Whilst all internal clinical services are delivered on the ground floor of the building, installation of a lift up to the first floor helps people access our education and administration areas.

The service includes a 20 bed In-Patient Unit, a Day Hospice with 18 places, a Community Palliative Care team, a Family Services team, a 'Hospice at Home' team and an Education Department. Care is delivered through a team that consists of doctors, nurses, social workers, counsellors, a chaplain, physiotherapists, complementary therapists, an artist-in-residence, a Hospice at Home team and volunteers. Services are free to people and St Barnabas House is largely dependent on donations and fund-raising by volunteers in the community.

The building is well stocked in terms of modern equipment, with each patient room containing a walk in en suite facility, as well as easy access to a private garden area. Moving and handling equipment is available in all clinical areas and bariatric equipment is also available, should this be required.

Staff qualifications are checked on commencement of employment at St Barnabas and are periodically reviewed as part of an annual appraisal and review process. Staff are encouraged to maintain their on-going professional development through use of the on-site education centre, as well as through attendance of external training sessions. Where applicable, staff are also supported with professional revalidation requirements.

A total of 137 staff are currently employed to deliver regulated activities at St Barnabas House. A number of staff are part time, which is reflected in the fact that the organisation has a total whole time equivalent establishment of 102 posts.

A central feature of the holistic approach at St Barnabas is the support given to relatives and family members of people being cared for. Although a facet of all clinical services at the hospice, the Family Services Team through pre and post bereavement care specifically supports families, including occasional children under 18, when required. This also includes supervised use of the art facility by under 18s on an individual basis, where deemed suitable.

No of approved places / overnight beds (not NHS)
