# Walk of Life

## Helping St Barnabas House to care

The Walk of Life is the pathway that welcomes visitors to St Barnabas House hospice.

For patients, it's an immediate visual reminder that St Barnabas provides as much life, love and enjoyment as we can in the time they have left. For individuals, community groups and companies, the Walk of Life is a way of celebrating the lives of loved ones, friends and colleagues.

The Walk of Life is a reminder of how precious each and every day is and how much love and fun there can be in every moment we share. Together the pavers form a path that makes a positive contribution towards the care that the hospice will provide in the future to our community.

## Your inscription and how to choose it

This can be your family, group or company name with something personal, like 'BEST WISHES' or 'KEEP DANCING'. The Walk of Life is a place for positive and uplifting messages to welcome our patients and visitors, therefore we kindly ask that 'in memory of' or lifespan dates are not used. Some favourite inscriptions on the Walk of Life are 'gone fishing'; 'to infinity and beyond' and 'keep on running'. We might contact you to reword an inscription. If you would like some advice, please call us on 01903 254777.

## Next steps

1. Please complete the order form and payment details on the next two pages and return to St Barnabas House.
2. We will approve the inscription and contact you if we need to discuss any changes. You will then receive a certificate to confirm the wording of your inscription. Please check this carefully and let us know within 10 days if it needs amending. We will not be able to make any changes to the inscriptions after this.
3. New pavers are laid in batches and it can take several months from ordering to being laid. You will be invited to view your inscription once it is laid.

## Maintenance

The stones are natural and organic so will fade over time. We guarantee the red brick paver and the double natural granite paver for three years after installation. The large silver and super silver granite pavers are guaranteed for 10 years after installation.

The stones may differ in colour from those in the pictures and, over time, the pavers in the walk will wear as they are exposed to the elements. St Barnabas House is not liable for any damage to the stones by natural causes. In exceptional circumstances, we reserve the right to relocate stones.

St Barnabas House retains complete control over the location and installation of all stones in the Walk of Life. The stones are and will remain the property of the hospice. St Barnabas House reserves the right to refuse any application at its discretion.

“Dr Gusterson is the founder of St Barnabas House and his stone is one of the first pavers on the Walk of Life. He wanted to provide the very best care for every local person who needed end of life care, and to offer it free of charge and without obligation. He began making that dream a reality when St Barnabas House opened its doors to the first patients in 1973. St Barnabas House remains a charity today. We get very little government funding and rely on voluntary donations from the local community. A paver in the Walk of Life will make a contribution towards continuing Dr Gusterson’s dream.”

“The staff and volunteers gave Jeanette the best quality of life she could have had during her illness. Over Christmas, staff gave up their leave on both Christmas Day and Boxing Day to drive Jeanette home to Littlehampton to be with her family. We are indebted to St Barnabas House forever. We all feel ‘part of the family’ when we visit St Barnabas House, so it is perfect to have this permanent family memento here. We trust the inscription will also give hope and strength to others.”

**Doreen Harbour, mother of Jeanette Baker**

“We chose to remember John with a paver, as it is a lasting memory of the many happy days he spent with us and for the great support St Barnabas House gave him. We also know that our small contribution will be able to help others.”
